BRITE Access ADA Paratransit Application

In compliance with the American Disabilities Act (ADA), BRITE provides shared ride, advanced reservation, origin to destination service for disabled individuals who are unable to use regular fixed route public transportation services because of their disabilities.

To be eligible for service, the functional limitations of an individual's disability must prevent use of regular fixed route buses. BRITE Access paratransit service is available to any person with a disability who has specific impairment related condition that prevents the person from traveling to or from a boarding/disembarking location.

Please be aware that BRITE provides two types of public transportation:

1. Fixed Route buses provide service at designated bus stops along specific routes according to set schedules. All fixed route buses have features to make riding easier for people with disabilities including mobility device lifts and handrails for entering and exiting the bus.
2. Paratransit Service is a shared ride, advanced reservation, origin to destination public transportation service for people whose disability prevents them from riding fixed route buses. You must receive certified approval to use this service and must call in advance to make a reservation to travel.

Applications MUST BE CERTIFIED by a licensed or certified health care professional every 2 years and within 30 days of expiration.

Your ability to ride fixed route buses will be evaluated through use of the application, and in some circumstances, an in-person interview. Each application will be evaluated on a case-by-case basis, taking into consideration all of the information provided.

Applications are processed in the order in which they are received. A determination will be made within 21 days of receipt of the application and you will be notified of this decision in writing. If an application is not processed within 21 days, presumptive eligibility is granted on day 22 until and unless application is denied in writing.

It is very important that the application be filled out completely. Incomplete and illegible applications will not be processed and will be returned. Applications must have original signatures, as faxed or photocopied signatures are not permitted.

If you have any questions concerning this application or paratransit services, please contact our office at: (540) 943-9302 or toll free at (800) 305-0077.

Please mail your completed application to: BRITE Transit Facility

PART IV: PROFESSIONAL CERTIFICATION

This portion **MUST BE COMPLETED** by a licensed
or certified health care professional

The Americans with Disabilities Act of 1990 (ADA) requires the provision of paratransit service to **anyone who is prevented from using the regular transit system, by reason of physical or mental limitation, and who is traveling in an area served by the system.**

The applicant who has asked you to review and sign this form is seeking eligibility for BRITE Access ADA Paratransit Transportation service. This application is intended to determine whether applicant can use regular transit services or whether he/she requires origin to destination service.

Resources for this program are limited so please exercise care in evaluating this applicant. Your evaluation must be based solely upon the applicant's ability to use regular transit services. False verification could result in travel limitations for persons legitimately qualified to use this program.

Please carefully review the information provided by the applicant and answer the questions below.
